

## SS. Colman-John Neumann Travel Policy

Updated 3/4/2021

- Students and staff that travel domestically via air will need to be tested for COVID-19 upon returning to PA or quarantine for 10 days before returning to school.
- Students and staff that travel **internationally** via air will need to be tested 3-5 days after travel AND stay home for 7 days after travel before returning to school. If you choose not to be tested you will need to quarantine for 10 days before returning to school.
- Students and staff that travel (not via air) outside of PA for any length of time will **NO LONGER** need to be tested before returning to school.
- We encourage you to continue mask wearing, practice social distancing and maintain good hand hygiene when traveling.
- Please monitor and consider you and your family's social interactions, recreational and athletic activities, and social gatherings where health and mask recommendations may be more relaxed or not enforced.
- If you become aware of a positive covid exposure while traveling or upon your return, please let us know so that we can plan accordingly.
